

## BOYS DAY BIG TIME AT SPRINGBROOK

Youngsters Compete for Prizes  
and Scramble For Pennies in  
Special Day at the Park.

Several hundred boys and many girls and grown persons will agree that Manager Dailey's first boys' day at Springbrook park, held yesterday, was a success.

Judging from the many makeups in which the boys appeared, the rising generation will not let die the spirit of mimicry and imitation. All sorts of characters were caricatured in the long parade, from cowboys to Happy Hooligans and from Indians to Philpines. The five prize winners were each given a handsome gold watch.

Norman Beck, 1024 Vassar av., five years old, was conceded to be the cutest in his complete baseball outfit, including the mitt, ball and bat. He was styled the Frank Chance of the day and proudly bore his present away. The other four winners were Henry Schosker, 317 E. Milton st., as Uncle Sam; George Diamond, 320 S. Ninth st., as George Washington; Herbert Burch, 327 Greenlawn av., as a Philpino, and Clarence Landstrum, River Park, as a cowboy.

In the pole climbing contest William Peltz, 1710 Florence av., won the \$2.50 prize by climbing the 35 foot pole in 29 seconds, outstripping the 24 other contestants.

The copper trail proved the big excitement. Manager Dailey scattered pennies along the gravel walk and threw them into the air while the crowd of youngsters scrambled, fought, climbed and dug for them and not one penny was lost.

Springbrook band gave a concert and furnished the march music. The day was closed with a balloon ascension by Prof. Denier.

The next special day to be held at the park will be Friday, Emancipation day. The colored folks will celebrate in appropriate fashion. An extensive program has been prepared with speakers of note. A chorus, ball game and athletic contests will feature the event.

Girls' day with its white dress parade will be held Aug. 6. This proved a big success last season and this summer effort promises to eclipse that of last year.

At 4 o'clock Wednesday evening No. 4 fire department was called to the residence occupied by John Kaczmarek, 228 Laurel st. Fire had started in the ceiling of the kitchen, but was put out without loss.

## U. S. ROADS CAN BREAK TRUST

Delegate From Alaska Urges Government Owned Railroad There.

WASHINGTON, July 31.—Construction of a government railroad in Alaska, is the way to break the Alaska "railroad trust," Delegate Wickersham of Alaska Wednesday told the house territories committee.

J. P. Morgan & Co. and the Guggenheim brothers, Wickersham declared, control every mile of road in the territory; are partners in a "gentlemen's agreement" of operation; are managers of a "wharf trust" and have defied all attempts of the government to curb them.

They secretly, surreptitiously, but forcefully dominate and extend transportation facilities, he declared. When the Copper river and a Northwestern railroad was being planned from Cordova, Alaska, by the Guggenheims, Wickersham stated, the house of Morgan headed off competition against its White Pass and Yukon R. R. by forming a railroad monopoly partnership with the Guggenheims. He said \$20,000,000 was spent upon the Copper river route to reach the Guggenheim copper fields in the interior, and that the Alaska "syndicate" now controls the best gateways on the sea coast.

## STATE NEWS

**FREIGHT HELD UP.**—A Lake Shore freight train passing through Pine was held up by bandits and cars filled with valuable merchandise were robbed. J. S. Roy, a brakeman, was fatally wounded in a fight with the bandits. Three desperadoes have been arrested.

**SEEK GIRL HEIRESS.**—The authorities of Westford county are searching for Beesie Clarke-Weaver, 20, who is heir to a \$300,000 estate in Quincy, Ill. She was formerly in an orphan asylum in Grand Rapids but was transferred to New York. This phase of the case is now being investigated.

**PRIZE CULVER SCHOOL.**—The highest praise that an inspecting officer has pronounced upon Culver military academy is contained in the report of Capt. James Robinson, general staff, U. S. A. ## \* ADELAIDE DANCED HERSELF INTO LOVE AND 8000-MILE HONEYMOON. \*

NEW YORK, July 31.—She just fairly danced herself into matrimony, did La Petite Adelaide, and now she's having an 8,000-mile honeymoon.

The bridegroom is J. J. Hughes, who had for some time been the dancing partner of Adelaide. They appeared together in "The Passing Show of 1912" at the Winter Garden, and just as that attraction started on tour the management was notified that its terpsichorean headliners had become partner in earnest.

Adelaide has become known both in this country and in Europe, during the past few seasons, as one of the most graceful dancers in the profession.

Luigi Gasparini got onto the stage just about as rapidly as anybody ever did.

Luigi was chopping the plaster off of bricks in the excavation at Lenox av. and 51st st., where Oscar Hammerstein is building his new opera house, and singing as he worked. Harry Hammerstein, Oscar's youngest son, who is supervising the work, heard him.

In about two minutes Harry hiked to a telephone and got father on the wire. "Hey Dad!" he shouted. "Come over to the hole in the ground, right away!"

Oscar hopped into a taxi and came post-haste, thinking there must be a strike on hand. Reassured on this point by his son, he listened to Luigi's tenor warblings.

"Come out of that," he shouted to the brick-cleaner. "Quit this job and report to the chorus master of my opera company."

"Thanks you, boss," gasped Gasparini. He got his coat, took his pay check and went home to put on clothes better suited for a grand opera rehearsal.

Two plays which ran through the winter are still running just two; and both are drawing big houses, despite the heat. One is "Within the Law," of which 375 performances have been given, and the other "Peg o' My Heart," with 250 to its credit. Not a member of the cast of the latter play has yet missed a performance.

**EVANSVILLE.**—Believing that robbery might have been the motive for murder, the coroner and police are investigating the death of Mrs. Elizabeth Hairell, 75, who was found dead in bed. She had been ill for some time, but death is believed to have been caused by a long rush on her forehead. She was known to keep large sums of money about the house.

## REPORT VENEZUELAN REBELS AT WORK AGAIN

The town lies at the western end of Aricagua bay.

## FOUND SLEDGE HAMMER.

LOGANSPORT.—The finding of a sledge hammer wrapped in bloody paper near the spot where Geremia Cocuzzi lost his life Sunday, has added a new mystery to the affair and friends have asked a re-opening of the investigation. At first he was supposed to have been killed by an intruder while lying on the track.

KENDALLVILLE.—Robert Darrow, 30, when patrolling the tracks of the Lake Shore railroad at Corunna, was run down by a fast train and instantly killed.

# DR. FLEENER'S STATEMENT OF FACTS

The Specialist Who Devotes His Entire Time to Chronic Diseases of Men and Men Only

I Know How to Cure Nervous and Chronic Diseases of Men

Science is on the wing. Treatments used one year ago are back numbers now. To be a TOPNOTCH Specialist requires not only skill and energy, but capital. The public is not satisfied with a doctor who sticks in the OLD RUT. Neither is it satisfied with the electric belt faker or the pretending specialist. Nowadays men demand up-to-date treatment, not smooth talk and empty promises. To be a leader now it is absolutely necessary that you possess an EXPENSIVE LABORATORY where scientific investigations can be continually carried on. This I have, and I am prepared to give my patients the benefit of all the GREAT DISCOVERIES as soon as they are perfected. Others watch my announcements and at once they claim to do the same things. Men come to me because they read my STRAIGHT-FORWARD OFFERS, or because I have CURED some of THEIR FRIENDS. I AM PROUD OF MY RECORD.

"914" CURES BLOOD POISON

No Pain, Return Home Same Day

Giving a patient Neo-Salvarsan, "914," Prof. Ehrlich's New German Remedy for Blood Poison. This is the intravenous method, directly into the blood, the only way it should be given.

Extract from letter of Prof. Ehrlich:  
... Judging from all the reports received by me, it appears that the intravenous injection is to be preferred to all other methods of administration, as far as permanency of effect is concerned. Although I have to admit that this method of administration will prove an obstacle to the introduction of the remedy in general practice, on account of certain technical difficulties, I believe that the interests of the patient demand that only the most efficient form of treatment should be decided upon.  
... I should feel much obliged to you if you will—as heretofore—assist me in this direction, and in the future employ as much as possible the intravenous mode for the administration of the remedy.

(Signed) P. EHRLICH.

Thomas A. Edison, the great "electrical wizard," says: "The German discovery for the cure of Blood Poison is the most important achievement of the year 1911—and that most of us have the disease and do not know it."

I guarantee a painless and safe treatment, giving the Genuine German Remedy according to the great German professor's latest instructions.  
MY METHODS appeal to those who THINK and who want the benefit of the LATEST SCIENTIFIC PROGRESS that drives DISEASED GERMS out of your body. My advice is FREE and valuable, whether you are treated or not. If you need help, make your wants known to an HONORABLE SPECIALIST. No matter about money. COME if possible. IT'S BEST. LEARN MY METHODS

The FEAR OF FAILURE to obtain a cure in your case may have deterred you from taking treatment, or you may have been one of the unfortunate who have been treated in vain by inexperienced physicians. FREE TREATMENTS, FREE TRIAL SAMPLES, PATENT MEDICINES, or by false testimonials you may have been lured to a combination of traveling men representing themselves as great specialists, but having no knowledge of medicine. When you come to my office you see a regular licensed physician. I am in no way connected with any doctor, company or combination of men who copy my advertisements. My conscience, my profession, my reputation and teaching condemn all such quackery. No books, almanacs, nor symptoms, blank schemes. No reputable doctor will resort to such methods.

## DISEASES OF MEN

Lost Power the Cause of Mental and Physical Suffering

Perfect health is possible only when every function of the human body is properly performed. Man is the paragon of animals, the perfection of all created beings, but how seldom do we see the true, the perfect man, walking among his fellows a solitary gem? How many who fail to reach the dimensions of their splendid model! And yet the young man, the middle-aged man, the man of mature age who walks the streets with head hanging, afraid to meet the eye of his fellow beings, dreading lest they read his inmost secret, still follows the paths of ignorance for while his youth may be wrecked, while his vitality may be lowered, while his body may be the prey of his mind, yet there is hope, that his living death may turn and give him years of happiness, lifting him to that plane of manhood which all men should tread. I want to help men who are weak in vitality, who are nervous, despondent and lacking self-confidence; who feel as if old age was coming on too soon, because of the dulling of their youthful fire and ambition.

## A SURE CURE---A SMALL FEE

To be strong is the aim of every man, and yet how many we find who are wasting the vitality and strength which Nature gave them. Instead of developing into the strong, vigorous man that Nature intended them to be, they find themselves stunted and despondent, no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility, their finer sensibilities blunted and their nerves shattered. It is hard for a weak man to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Every weak man is more or less despondent, lacks the magnetic enthusiasm of youthful energy, and should not hesitate to make almost any sacrifice to again be happy, light-hearted and full of joyous impulses, to be free from brain wandering and dull, stupid feeling, to have confidence and self-esteem, and command the admiration of men and women. It is the law of Nature that all of the powers of the body and brain should be retained unimpaired until the last. The vitality of youth can be conserved by right living, and it is only because men ignorantly and recklessly waste their store of nerve force that they become feeble wrecks and find life not worth living. Scores upon scores of men of all ages and in nearly every walk of life have been rescued by Dr. Fleener. With him the treatment of these diseases is not an experiment. If he feels that he can't cure you, he says so and you part friends. You cannot afford to neglect this condition; neglect has strewn the seeds of discord and unhappiness in hundreds of homes, which otherwise would have been the abode of peace and happiness. The greatest gift to man is a healthy, Manly System; if your vitality is not what Nature intended, you are the cause, and inasmuch as it lies within your reach to have this gift restored, what man, who is truly a man, will not seek the opportunity?
